EDUCATION

Bachelor of Science in Computer Science

Minor in Interdisciplinary Design (Expected Dec 2021)

College of Science of Engineering, University of Minnesota - Twin Cities
GPA: 3.526/4.00

PROJECTS

Personal Portfolio

HTML, CSS, JavaScript // Jan 2020 - Present

- Developed a website to display skills, projects, and experiences on GitHub Pages.

Blather Client/Server Chat

C // Apr 2020 - May 2020

- Used Unix calls to create a chat box that allows multiple users to talk to each other.
- The client uses threads and the server uses the poll function to receive and send data through FIFOs.

Event Tracker

NodeJs, MySQL // Nov 2020 - Dec 2020

- Coded a website that uses Express which allows users to add and display events that are kept track by MySQL.
- There is a stock information page that uses an API to display information about certain companies.

EXPERIENCE

Bookkeeper @ PH Accounting

May 2019 - Aug 2019 // Niles, IL

- Entered payroll, monthly bank statements, and added new employees for different companies into QuickBooks.
- Communicate with coworkers when there is an error with the payroll entry and when a new employee needs to be entered.
- Reconciled bank accounts for many local companies to identify inconsistencies and ensure that the records are accurate.

VOLUNTEER

Educator & Video Editor @ GEMA Mission

Jun 2019 - Present // Vernon Hills, IL

- Created lesson plans with other volunteers to educate students of different ages about music for one week in Guatemala.
- Edit video montages to show different volunteer work being done within the organization.
